

THOMASTOWN PRIMARY SCHOOL

PRIVACY NOTICE

Information About Using Student Photographs

Please read this notice before completing the section below

Dear Parents,

There are often occasions where photographs of our students appear in the newsletter to inform you and the community of what activities children have taken part in at school.

From time to time, photos of our students also appear in the local newspapers and media to promote the school and its activities, and the achievements of our students.

Legislation now requires that we seek parental approval for this to happen.

As a result, please complete the section below and return to school

Thank you,

Jill Mitchell,
Principal.

Please RETURN.....

I give Thomastown Primary School permission to publish my child/children's photograph in the newsletter, and/or the local newspapers and media.

Name of child/children	Grade
